## ABOUT ANN SCHREIBER

I'm an ordinary woman who has experienced ordinary trials and tribulations, not that much different than what you may have faced. Miscarriage. Divorce. A child who nearly lost his life fighting a mysterious illness. But, what perhaps sets me apart and makes my story a bit different is that I didn't take those experiences and let them end me.

I learned how to heal and cope, and let what I went through teach me how to be a better version of myself, for those I love. But most importantly? For me. And in writing for me, I hope that I can help you.
